# Knit Skirts

Our skirts come in two distinct styles, shown on our model Jane, who is 5'8" tall. One is the Panel Skirt, which is a more relaxed fit and features a cotton spandex fold over waistband. This waist band is super comfortable and allows the wearer to adjust the length of skirt. The other style is the Pencil Skirt, which is more fitted, and features a thin sewn in elastic waistband. The Reclaimed Christmas Skirt is made from post-consumer "ugly" Christmas sweaters. Each skirt is unique. The Textured Natural Cotton Skirt is made from upcycled undyed unbleached natural cotton blankets. Textures in this skirt will vary from skirt to skirt. All other skirts are made from 75% recycled cotton, 25% acrylic, and will always look exactly as shown. Proudly made in Wisconsin and Upstate New York.

## Every Garment Tells a Story

Green 3 garments are more than just cloth that is cut and sewn. Each garment represents a vision, a mission, a change, a skill applied, or an opportunity for independence. Truly, if you could look inside and listen, every garment tells a story. At Green 3, we are proud of what we do, and who we do it with. Call us, email us, stop by and say hi (even if it's just to meet Bella, our canine fashion consultant). We want to share our stories with you, and have you share them as well.

Thank you and we hope you enjoy.  
Remember, every garment tells a story.
